

FROM INBOX TO IMPACT

Mission Aligned IPCE Planning, Delivery & Learning

Donna M. Fahey — MSN, MFA, RN, CHPN, AHN-BC, CNL
Director, Boccolini Institute

WHAT did we do?

WHAT did we learn?

- Insight: AI Strategic Triage**
Reduces information overload by identifying mission-aligned opportunities
- Insight: AI Translator**
Transfers education requests onto actionable draft plans
- Insight: AI Limitation**
Efficient use requires guidance, structured content, and human review
- Insight: AI Diversity**
Tool selection impacts data content and content integrity

WHY does it matter?

- Efficiency** Reduces manual review prioritization & organization
- Experience** Improved clarity & reduces cognitive load. Diverse learning tool enhances engagement.
- Equity** Accessible for diverse learners
- Value** Scalable, mission-aligned, quality maintained, content control through social selection

WHAT will we do next?

- Strengthen Multi-tool Workflow Integration**
 - Copilot — Triage & Drafting
 - ChatGPT — Research & Development
 - Otter — Reinforcement & Content Development
- Develop Standardized Prompts**
- Build Repeatable Workflows**
- Operationalize Analytics**

GOAL: Amplify – Scale – Measure

Key Takeaways:

- 1 Use AI upstream, not just downstream
- 2 Start with direction (Copilot) → deeper with the research (ChatGPT) → extend with reinforcement (Otter)
- 3 Match the right tool to the right task
- 4 Use closed-system tools where content context is critical
