

Greetings,

At Samaritan, we are committed to honor every person's culture, values, and wishes by respecting who they are and what matters most to them.

As you read the 2022 Community Benefit Report, you will see the number of patients served. What we ask you to remember is that each number represents a person—and a caregiver, a loved one, perhaps a family—touched by our Samaritan mission.

It is our privilege and honor to care for and help each of our patients, clients, and their loved ones live their best life every day. Thank you for entrusting Samaritan with your care.

We are also grateful for our dedicated staff who lovingly and expertly deliver the compassionate care everyone in our community deserves.

We applaud and support them as they address the physical, emotional, social, and spiritual needs of our patients.

As an independent, not-for-profit provider, we are also thankful for our donors, volunteers, and community partners who ensure that Samaritan continues to provide life-enhancing care for the most vulnerable people—right here in South Jersey.

Together, we are the Samaritan Difference.

With gratitude and appreciation,

Phillip W. Heath,

Connecting with patients to assess and address changes in their health status.

Complementary Therapies

Samaritan added aromatherapy to its family of complementary therapies. This is in addition to massage, music, and pet therapies.

- 1929 massage therapy visits
- 1832 music therapy visits

Care Management

Samaritan's technology investments enable clinical teams to provide patients with the right care at the right time to enhance quality of life at every stage.

Care for Uninsured

Samaritan continues to be here for everyone in our community.

Community Education and Advocacy

Samaritan's Mary Ann Boccolini Institute of Education, Research, & Innovation leads the advancement of person-centered care through community outreach, continuing education, and more.

In 2022, Institute education topics included Veteran-Centric Care, Advance Care Planning Conversations, Grieving While You Work/Working While You Grieve.

Additional accomplishments included the introduction of our Interdisciplinary Hospice Certification Program, published research in the Journal of Hospice & Palliative Nursing and the Journal of Interprofessional Education & Practice, and student learning experiences for 237 medical residents, nursing students, and social work interns.
