Our Difference

Samaritan is a independent, community-based not-for-profit provider, founded locally in 1980 as one of the nation's first hospices. With decades of experience serving patients and those who care about them, Samaritan now offers more life-enhancing care options and specialized services than ever before.

Samaritan is distinguished by excellent quality ratings, community partnerships and donor supported programs, such as *We Honor Veterans* and massage, music, and pet therapies.

Samaritan is accredited by The Joint Commission and accepts Medicare, Medicaid and most insurance plans.
